

## REACH – Customer Information

July 2018

As defined in article 33 of Regulation (EC) No 1907/2006 (REACH), you will find below information about the usage of substances of very high concern (SVHC) in ABL SURSUM products.

The given information was achieved to the best of our knowledge and corresponds to the date of issue. The information will be up-dated according to increasing state of knowledge which might result from further details from our suppliers or from our own analysis. Against the background of a sustainable research and development policy of our company we are continuously working on products which reduce during normal operation the impact on the environment and the health. At the end of lifecycle we recommend that adequate waste disposal and recycling proceedings are used.

It generally applies that:

- a) Our **articles** are – as long as not listed in the appendix – are **not affected** by article 57, 33 (1) of the REACH-Regulation.
- b) Our articles listed in the appendix contain the following substance of the current version of the Candidate List in a concentration higher than 0.1% (w/w):

### **Boric Acid (CAS 10043-35-3 / 11113-50-1, EC 233-139-2 / 234-343-4)**

A conversion of production is done consecutive. As this is an on-going process we cannot exclude that actual purchased products with the following article numbers may still contain SVHC's.

You have further queries or require additional information? Please feel free to contact the mail address [info@abl.de](mailto:info@abl.de) or phone **+49 (0)9123 188-0**. We'll do our very best to find a solution.

Article No	Short text	contains > 0.1% (w/w)
1121xxx	SCHUKO-Socket, black/yellow	Boric Acid
1173xxx	SCHUKO-Socket, yellow	Boric Acid
1181xxx	SCHUKO-Socket, yellow	Boric Acid

The information is based on the current state of knowledge and experience as well as information given by our suppliers. Special analyses of our products are only done exceptionally. Traces of impurities are not considered. No implied warranties of fitness for a particular purpose are made. Existing laws and provisions have to be respected by the consignee of our products self dependently. We do not enter into any commitment to up-date this statement due to revised regulations or new findings.
